ABOUT DR. BARBARA STURM

Dr. Barbara Sturm is a German doctor, aesthetics expert and antiinflammatory pioneer with a background in orthopaedic research. Famous for the signature STURMGLOW[™], her uniquely non-aggressive skincare approach is inspired by her training as an orthopaedic doctor and years of research into anti-inflammatory medicine. Her range of skincare and supplements are based on ingredient innovations informed by molecular science and potent natural extracts that strengthen and improve the skin, without attacking it.

Dr. Sturm also offers a new generation of cutting-edge, medicallyinspired spa treatments. The results-driven, bespoke treatments all incorporate Dr. Barbara Sturm's Molecular Cosmetics skincare collection.

ADD ON

MICRONEEDLING

15 MIN | £75

Microneedling uses tiny, sterilized needles to cause microscopic injuries to the fine blood vessels at the level of the hair follicles, which in turn, causes the stimulation of fibroblasts and other collagen producing cells. This results in more elastic and rejuvenated skin. The treatment can be tailored to the specific needs of the patient and can result in just a few hours of redness or mild swelling.
